

UNITED STATES SHIP THOMAS C. HART (FF 1092) FAMILYGRAM

SEPTEMBER 1986

FROM THE SKIPPER

Dear Hart Family and Friends,

At the risk of being redundant, greetings from "sunny" Naples, Italy. We are once again in a period of intermediate maintenance availability (IMAV) with USS VULCAN. This IMAV, along with a recent visit from an Engineering Mobile Training Team, will be of great assistance in preparing our Engineering Department for an Operational Propulsion Plant Examination (OPPE) scheduled for late October. The OPPE is the "Super Bowl" for engineers, so let's cheer them on.

We returned to Naples on September 16th, after an extremely enjoyable visit to Cavalaire, France (1-12 September). Cavalaire is a small resort/fishing village situated between Toulon and Nice on the French Coast. The local people were very pro-american and made the entire crew feel welcome. Of course, it's difficult not to like this crew.

In late August, the Welfare and Recreation Committee sponsored a picnic to commemorate the ship's birthday. The committee, Food Service personnel, and innumerable volunteers made it an enjoyable and memorable event.

Since my last writing, the following crew members have been recognized for their contributions to the ship:

SML Nelson	Petty Officer of the Month (July 86)
OSSN Beard	Sailor of the Month (July 86)
OS2 Willis	Petty Officer of the Month (August 86)
SHSN King	Sailor of the Month (August 86)

Four of our crewmembers took one of the most significant steps of their naval career on September 16th. Congratulations to YNC Macy, EWC Robinson, AEC Harris and MAC Hale.

We are all looking forward to your continued support, so KEEP WRITING!!!

Sincerely,

Louis A. Nick
Commanding Officer

WARDROOM

Greetings from your ambassadors in the Med. Your HARTMEN are bravely carrying on the cause of maintaining outstanding relations with our NATO allies. All of us have unselfishly given of our time and efforts being forced to bear the burden of consumption of pounds of local culinary delights, expensive beverages, and enduring hours of socializing with many pleasant people. It is a difficult and thankless task, but we endure our tribulations with pride and are determined to set the example for others to follow.

If there's a dry eye in the house...please read on. We did, in fact, recently complete a very successful and enjoyable two weeks in Cavalaire, France. We were invited to numerous social events as guests of the mayor and met numerous warm and friendly people. We returned their kindness by hosting a reception on board HART for 40 townspeople. This occasion marked the first time wine had been served on HART and our guests were proud to share in such a milestone along with a wonderful array of foods prepared by our own supply department. As usual the HART crew made a lasting favorable impression and our faces appeared more than once in the local newspapers.

Liberty on the Riviera was great. Not only was Cavalaire full of things to do, but many visited the nearby towns of San Tropez and Toulon and found them equally enjoyable. The countryside is truly spectacular and every turn offers yet another breathtaking view.

While in Cavalaire we challenged the city basketball team, who has played together since childhood, and won a "heart attack" victory as Charlie "Fat Man" Ellis sunk an 18 footer at the buzzer to clinch the victory 54-53. What a game!!

A "Harty Welcome Aboard" is extended to Ensign Ed Hopkins and his wife Elizabeth as new members of the wardroom. Ed will be relieving Sean as Auxiliaries Officer. The rest of us go merrily onward. The Captain and XO have been busy at the local discos. Ollie, Glen, and Jim were seen at numerous local taverns screaming "reeb me" to the utter confusion of their French waiters. No one saw Pat, Tim, or Bill while we were in Cavalaire and Larry and Fred were last seen doing snake imitations at a local bar. Rumour has it that Arch and Brian slept for two weeks while Van was most often seen putting up with Harry as a tennis doubles partner and chasing Willie and Gary down a waterslide next to our Admin Hotel room. Steve Newman was ostracized for "gaffing off" a beautiful young French girl. Steve Sleem was last seen with a catcher's mit looking for sun rays.

We all miss our loved ones and friends dearly and are happy that we are winding up our time away and will soon be with you once again. Next stop Naples, Italy...Chow!!

CPO MESS

Four new faces have been noticed about the CPO Mess, but it's nothing to be alarmed about. YNC Macy, EWC Robinson, AEC Harris and MAC Hale survived their initiation and are now familiarizing themselves with the facilities. Our gratitude goes out to BTCS(SW) Price and his initiation committee for a well organized and memorable initiation.

We have lost three members since our last writing. MSC Magante retired, MMC(SW) Olsen was commissioned as a Chief Warrant Officer, and BMC(SW) McDonald was transferred to Naval Weapons Station, Yorktown, Virginia. We wish them all well on their future ventures.

XN DEPARTMENT

Hello again from XN Department. Since you last heard from us, MMC Olsen became Chief Warrant Officer Olsen and we wish him fair winds and following seas. Also, QMSR Galloway rejoined us after his tour as a mess cook. Welcome back!

We would like to extend a "Harty" congratulations to our newest chief petty officers, John Macy and Tom Hale. It seems they weathered the chief's initiation with just a few minor scratches, mostly to their egos.

In Navigation our QM's Don Pearson, Archie Parks, Gregg Hosler, John Lewis, Bob Charles, and Joe Galloway continue to prove their proficiency at getting us where we're supposed to be on time...with the possible exception of John who had a little trouble navigating his way over some shrubbery in Cavalaire, France and ended up with a cast on his ankle. But relax folks, you can really count on the QM's to safely navigate us home to Norfolk real soon!!

In the Admin world, J.R. Derrow, Doug Young, John Macy, and Joe Tyler are still keeping a couple of steps ahead of the paperwork mountain. Don't worry, it won't collapse on them. We'd also like to extend our congratulations to Doug and his wife, Lisa on the birth of their son, Andrew on 24 June 86.

Steve "Trust Me" Garcia keeps 'em coming back for more as usual. Our docs, David Diemand, Lucky Morales, and David Prosek continue to keep us healthy and give our "ouches" a little "TLC". Congratulations to Doc Diemand on his reenlistment 2 September 86.

So long now folks. Remember, you are all in our thoughts and prayers. See ya real soon!!

SUPPLY DEPARTMENT

Since our last familygram, the men of the Supply Department have been hard at work feverishly providing support to the ship. The port visit in Cavalaire, France was a welcome change from the polluted waters of Naples.

S-1 Division

The guys in S-1 Division have earned a couple of impressive "attaboys" since our last report. In July, as a result of their efforts, the ship was recognized by the Mediterranean Supply Boss as the "Superstar of the Month." This recognition is a result of their timely research and reporting of on-hand spares to fill the emergency requirements of other Sixth Fleet ships. Additionally, the supply portion of the aviation corrosion inspection was successfully completed with an adjective grade of "outstanding."

S-2 Division

S-2 Division continues to produce high quality meals despite the skimpy \$3.91 per day allowance for each crewmember. Pizza, tenderloin, and of course, "the sliders" are always real crowd pleasers. The spread at the Carney Park Picnic and the Flight Deck picnic made for an enjoyable time for all hands. While in Cavalaire, a reception for the mayor and 40 civic officials was held on board HART. MSC Lozano, MS1 Gines, and MSSN Wells did a superb job in preparing the fantastic hord'oeuvres. The "Blues Brothers", FA Cruinkshank and SKSN Rambo, became experts in the art of pouring champagne and their efforts also contributed to the success of the evening.

S-3 Division

S-3 Division has been doing a super job taking care of the crew's basic needs. The well-stocked store, clean clothes, and "stylish" military haircuts all make for a happy crew. Some of the guys have messages to pass along:

SH3 Ayers - Hi Mom and Dad, See ya soon!

SH2 Flores sends his love to his wife and children, Jeff and Theresa.

SH1 Hill wishes to send his love to his wife, Susan and children, Jennifer and Joshua. He misses you all.

S-4 Division

S-4 Division has been plagued with computer problems, forcing them to revert to the manual system of processing payrolls and allotments. DK2 Cook got worried recently when he thought he'd have to take a helo ride and be hoisted down to the deck of a moving ship. Luckily for DK2, the money was passed to the ship over the wire.

The entire department wishes to send our love to all of our families. We hope the schedule puts us back in Norfolk on time. Thanks for the letters, packages and all of your support.

OPERATIONS DEPARTMENT

OI/OW Division

A big bonjour from the zany bunch up in CIC!

Since you last heard from us, we have been up to our scope tops with new and exciting adventures. Once we pulled up stakes from breathtaking Naples, Italy, those OS's and EW's zipped right into the groove of steaming again. OSSN Foster was heard saying, "It's marvelous to be underway, simply marvelous!"

Upon departing Naples the good ol' bunch helped steam our way through the central Med over to the coast of Egypt.

On we went to participate in a joint U.S.-Egyptian exercise called, SEAWIND. Our EW's shined through, evaluating ships and aircraft giving us that leading edge in the warfare scenarios. EW2 Conley smiled and said, "Go ahead, make my day!"

The boys were like sad puppy dogs upon hearing that our port visit to Haifa, Israel was cancelled, but we soon cheered up when we heard that we were going to Cavalaire, France instead!! The bunch was all abuzz trying to learn French phrases like, "eat", "How much?", and "Where's the beach?"

Upon arrival France, OI Division served as outstanding ambassadors of goodwill. The guys taught a group from England all about softball, who in turn taught us all about cricket. Much fun was had by all as we celebrated with a fine vintage of Sangria. Yum!!!

Seeing how much everyone was enjoying the port, our division officer, Ensign Willie Metts asked, "Do you like it?" "Yeah!" OSSN Keller, OSSN Foster and OSSN Beard all commented on how much they enjoyed the generous libery policy while in Cavalaire. This gave the crew plenty of time to see the sights and make new friends from different places. If you looked close you could find OS3 Castro playing his saxophone under the streetlights and in the Eden Bar in Cavalaire.

As much as we hated to, it was time to say goodbye not only to Cavalaire, but to some of the team. EW1 "Johnny" Williamson left for his new command, Lowry Air Force Base in Colorado Springs, Colorado. And EW3 David Meloy checked out to check into EW "C" School in Pensacola, Florida. We will miss you both. With their departure, we welcomed our new arrival, EW3 Mike Brandon from Newberry, South Carolina. SAAAAAALUTE! Speaking of welcoming. OSC "Big Roy" Crow is welcoming EW1/EWC "Jack" Robinson with open arms as Jack moves on up into the ol' fraternity of chiefs. Three cheers!!! And lest we forget, a fond farewell to OS2 Cecil D. Willis as the "little one" moves on to

his new command at CINCLANTFLT in Norfolk. "Knock 'em off their feet, Cecil."

Until next time, "See ya later folks. Keep those letters coming. Chow!!"

OC Division

...and from the communication and signal gangs.

Happiness and good cheer from the sparks and scivie wavers as we slowly and positively become shorter and shorter on this "I.O. cruise." We had an absolutely wonderful time in Cavalaire, France and with the exception of missing you all severely, we were sorry to leave such nice people. Many friends have been made and some will be good pen pals in the future. With that we will depart this scene and the next time you hear from us will be face to face. Good health and God bless. We love you all very much.

OE Division

Greetings once again from lovely (HA HA) Naples, Italy. Yes as you all know by now our trip to Israel was unfortunately cancelled, but rest assured we managed to get over that painful loss in Cavalaire, France. Things are still going well for the "ET GANG." We are always on the scene for all electronic casualties, and the chief ensures there's always something to do to occupy our time.

We welcome aboard ET3 Richard Simmons. Richard arrived shortly after our last familygram and is already a firm member of the shop. Greetings will also be in order for ET3 Hines who is due to arrive next week.

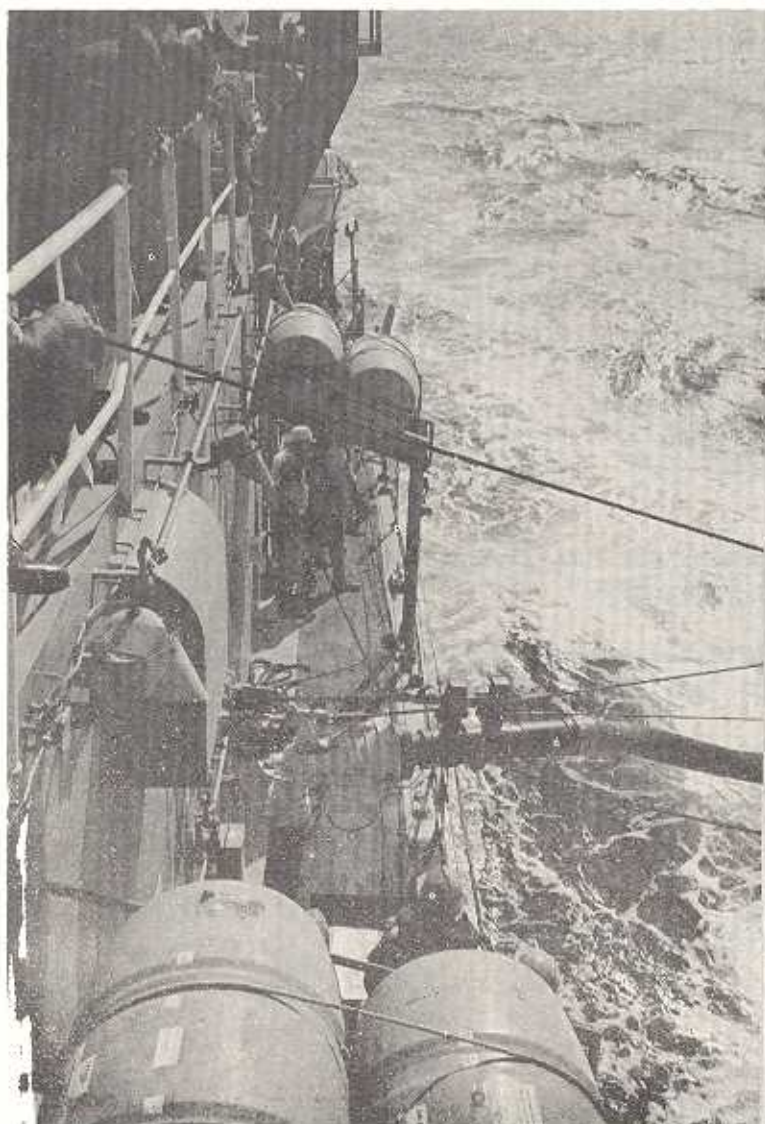

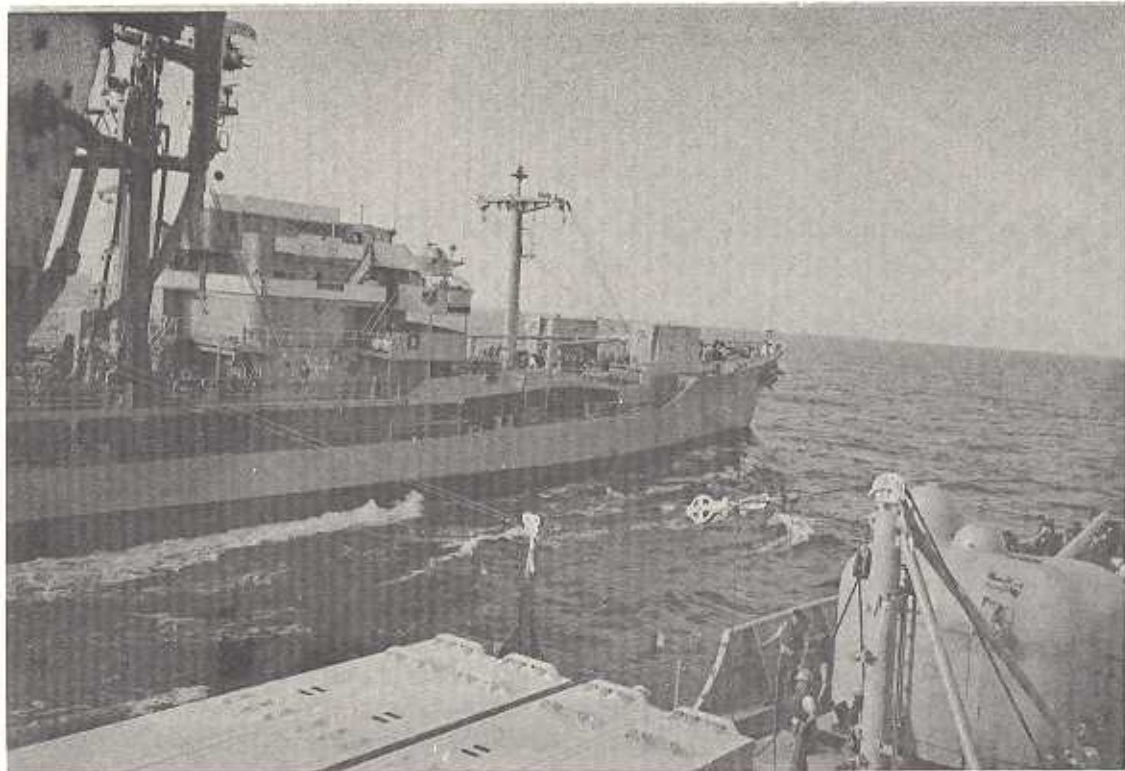

Mike joined Chief on the soccer field for the first time in Cavalaire and had an impressive first game. Okay, so we lost 8 to 1. We still had a good time.

Congratulations to John Stupegia who has fully regained the full use of his leg. Hey John, "Where's your cane?"

Jeff Byrd, Bob Gipe, Bob Main and Dave Hubbard all send their love to their wives. Andy and Chief send "Hey Baby....."

Time goes by and home is drawing ever closer. Know you are on our minds and in our hearts constantly. This life is sometimes difficult both for us and you, but the job is necessary and the homecomings are "great!"

So here's to our homecoming. All our love, Mike, Jeff, Andy, Owen, Bob Gipe, Dave, Rich, Bob Main, John, and the Chief.

AIR DEPARTMENT

The Air Department has continued to live up to its reputation as one of the best. Although the at-sea time has been limited, Det Four has performed its mission admirably. The maintenance crew, led by AMCS Lacson and brand "spanking" new Chief Harris, continued their unmatched record of maintaining the aircraft in its fully mission capable status. The work done by AT2 "Magic" Moran, AMH2 McFarland, AD2 O'Neill and the rest has been nothing less than fantastic. The only time these guys complained was when Lieutenant Ives begged them to take a break. AZ3 Puckett and AX2 Autry were quoted as saying, "give us an hour of sleep and one meal, then let us work the rest of the day." There was no stopping them.

During our arduous stay in Cavalaire, France, numerous townspeople came aboard to tour the ship. But what did they really want to see? The helo, of course. Lieutenant Attaway, Lieutenant Collins, and AW2 Priestley led many of these tours to the ship's hotspot and the big highlight of sitting in the aircraft. We should've sold tickets. Lieutenant Ives, Lieutenant O'keefe, and AW2 Johnson deserve a heroic mention for taking around a group of 40 French school children or "crazed little mongrels" as Lieutenant Ives put it.

The Air Department has now retired from the tour business and returned for another exciting (?) stay in Naples. The "Gus Brothers", AMH2 Gobel and AE2 Sabatini can't wait to start driving with the maniacal Italians again. They say it's good practice for the Jersey Turnpike. The rest of the guys can't wait to, you guessed it, get back to work.

That's about it for now, except to extend congrats to AD3 "Pat" Patterson on being advanced, Lieutenant "Elwood" O'keefe for being frocked, and to Chief "Harry" Harris for putting on the well deserved khaki of a navy chief. These guys are typical of the Det's attitude of going for the gold. Take care; we'll see you in November and remember our motto, "Hit hard, hit quick, hit often."

WEAPONS DEPARTMENT

1st Division

Greetings from the men in First Division. We hope all loved ones are fine and patiently awaiting for the big day in November when we'll all be reunited once again. We have been fairly rosy since our last familygram. We completed our initial intermediate maintenance availability in Naples, Italy on August 19th. The HART then participated in SEAWIND '86, a very successful exercise with the Egyptian Navy. As you know, our Haifa, Israel port visit was cancelled. However, we steamed into Cavalaire, France and spent 12 beautiful days enjoying French culture. The town was very receptive and the weather was great. We are now in Naples, Italy undergoing a second intermediate maintenance availability with USS VULCAN.

First Division recently said "goodbye" to BMC McDonald and BM3 Ward. BMC McDonald is on his way to Yorktown to assume the duties as a tugmaster and BM3 Ward has returned to New York to seek civilian employment. Boatswain's Mates are very busy preparing the ship for arrival Norfolk in early November.

That's all for now. Take care and we'll see you in November.

2nd Division

Greetings from Second Division. Having survived our month long port visit in Naples, Italy, during which we last wrote, the men of Second Division have been very busy maintaining the operability of the 5"/54 gun mount, the MK 68 gun fire control system and the CIWS. Many long hours were spent both in port and at sea to ensure that HART could stand strong against any adversary that might happen our way.

After completing Exercise SEAWIND with the Egyptian Navy we enjoyed an excellent port visit to Cavalaire, France. Though we accomplished much work during our 0630-1200 working hours, we used this port to catch up on rest and to experience a bit of the French lifestyle.

Currently, we are again pierside in Naples, Italy undergoing an intermediate maintenance availability and making preparations for our next at-sea period. We would like to extend a special congratulations to GMG2 Knaust and his wife, Lisa on the birth of their twin girls. Another welcomed addition to Second Division was the arrival of GMG1 Szelag. A warm "welcome aboard" goes to the Szelag family. All of Second Division extends deepest sympathy to FCC Shepherd and family for the recent loss of a loved one. The division is also about to bid farewell to FC3 Velez as he is scheduled to leave us before our return home. His contributions to the division will be sorely missed.

As Second Division officer, I (Ensign Hamlet) would like to send a special "thankyou" to all of the families and loved ones of Second Division personnel for the support you provide through cards and letters. When the days are long and the going is rough, it is thoughts of you and your letters that enable us to work with an unending supply of energy. Performance of Second Division personnel has been nothing less than admirable throughout the entire cruise. You can be very proud of each and every one of them and the duties they perform; I certainly am.

Until our return we will leave you with a few lines:

FC3 Velez (Odie): Hello to all.

FC2 Howell (Sluggo): See you at Christmas.

FC3 Mikolaitis (Stay Puff): Happy anniversary and birthday, Louise. See you soon. I love you.

GMG1 Ocean: Hello to my kids, Quincy, Deshon, and Quentin.

FC3/GMG3 Turminello (Wildman): Hi folks. I'm in Italy again!

FC1 Pillow (Old Yeller): Says hello and love to all his family.

FOX DIVISION

It hasn't been long since our last correspondence but we have still been busy over here in the Med. We finished our month long stay in Naples and then went off to work with the Egyptian Navy for some operations off Alexandria. Although our port visit to Haifa was cancelled, its substitute, Cavalaire, France, turned out to be our best port so far in the cruise. Many of us were welcomed into the families of residents and visitors in the southern French town. Tours of the HART turned out to be in high demand also and a few of us spent many hours acting as guides. We have welcomed a few more shipmates into the division also. They are: STG2 Selby, GMT2 Horeth, STG2 Mullenix, STG3 Bauer, STG3 Lane, STG3 Dzikowicz, and STGSA Moss. We have returned to Naples for another maintenance period. The cruise is slowly coming to a close and we will soon be back in Norfolk. We send all our love.

Love Notes

STGSN Findlay to Andrea: I love you and miss you very much. I'll be home and in your arms soon. Love, your husband, Michael (EYP).

STGSN Resling: To my family and friends. I love you all and miss you. Not a lot of time left. I'll be home soon. Am looking forward to seeing you all. Love, Jeff.

STG3 Roderick: To my family and friends. I love you all so please take care of yourselves because I'll be home soon. Love, Terry.

STG3 Hemphill: Nov. 12th the DAY! See you all soon. Love ya, Ron.

STG3 Walker: All I want for Christmas is my two front teeth! See "ya'll" soon. Love, Daron.

STG3 Wangle: To Donna and my family. Our time to be together again is drawing near. I can't wait to be home with you. Take care and I love you very much! Love, Chuck.

STG3 Brown: To Shelia. It's almost over. I can hardly wait to be with you again. Am missing you like crazy. Love, Darryl.

STG3 Gleaves: To Val and my family. At last, the time of my return draws closer. I send my love and smiles! Be home soon. Love, Midnight.

STG3 Cowboy: Hi Indi. I just can't wait to get back and squeeze the charmin. See you soon. Love, Cary.

STG3 Dzikowicz: Gloria. Time grows short. Soon we will be together again. Take care. Love, Harvey (Zig-Zag).

STG3 Bauer: Get the hideaway bed ready because I'm coming home to the nest. Love, Andy.

STG3 Zimmerman: Hi everyone. Be home in two short months, for good! Love, Jim.

STG2 Raffensperger: Get well Dad. Love you Lisa. See you soon. Love, Brian.

STG2 Mullenix: Dianna and Tiffany. It seems as if it was only yesterday when I was home and tomorrow is another year. But before we know it, we will be together again. Love you both. Jeff.

ENGINEERING DEPARTMENT

R Division

Repair Division continues to remain busy making shipboard repairs, raining for damage control, and making preps for the upcoming OPPE. The time is passing quickly because we stay busy, but still not quick enough — we are ready for home.

R Division continues to grow both in quantity and quality! The workshop welcomes three newcomers to the division: HTFA Daniel Frank from Downingtown, PA; HTFN Darrin Bell from Craig, Colorado; and GMG3 Pat Inlow, who has transferred from 2nd Division. R Division has already noticed a big difference in its work accomplishment. Welcome Aboard.

Congratulations is due to the division for their excellent performance in July and August. The entire division received a letter of appreciation from the commanding officer for their efforts.

The division definitely enjoyed the recent port call in France, but is not particularly ready for another stay in Naples. Just can't wait for the port call in Norfolk.

Some notes for our families:

HT2 Holliday sends his love to all of his family back home, and he is hoping to see them all waiting for him on the pier when we pull in. "How beautiful that day will be!"

MR3 Sweet sends his love to all the family! And remember, bro's, keep the Molsens Cold.

HTFN Frank sends his love to all his family and friends in Colorado.

HT2 Harrison: To my wife, Shirley — Hi, Honey! Miss you! See you soon. Are you ready to ride, Babe?

HT2 McIntyre: To Lisa E. — Miss you 143!!!

HTFA Frank sends his love to all his family back home. Miss you!

HTFN Anderson: Hi, guys. Miss you all!

HT3 King: Happy birthday, Sean, Jackie, and Julie. Thanks a lot everyone — your love and support are more precious than gold.

HT1 Davis: Hello, Mrs. Davis. I miss and love you. Hope you had a nice birthday. You boys be good. Love yah!

HTFN Wilson: Thanks for all of your support. See ya soon.

HT2 Gilbert: Things just don't seem to be what they are! Love you all. Keep me in mind, Cathy!!

HT3 Lewis: Miss you all. Send money!!

HTFN Conyers: To my family I send you my love, and my appreciation for giving me strength to endure. To Andrea — Know I miss and love you. Let's try for August '87 in L.A. To the guys at Wayne's house — stay cool, Bros! See ya at Christmas.

GMG3 Inlow: To all my family. I'm enjoying my new company and surroundings. I'll be departing the Tommy Chuck and going to Tampa, Florida after returning to Norfolk.

SEE YOU SOON!!!

B and M Division

Hello again from M and B!

Well the light at the end of the tunnel is in sight and though the days are passing slowly, we're looking more and more forward to that moment when we'll be with you all once again.

We're pleased to extend a Harty welcome to FR Simpson. We are also sad to say farewell to MML Kust, who has been with us for five years, and congratulations are in order for MMFN George Washington, who is expected to be advanced to petty officer third class in October.

At the beginning of this month, we visited the town of Cavalaire, France. We spent an enjoyable 12 days there and made more than a few friends. After that it was back to Naples, Italy in preparation for yet another major inspection.

Your letters and packages have eased our longings to see you again, but they are merely a substitute during our time of absence from you all. During times of quiet and rest they give us that time together that we do not have. They bring us smiles and ease the worry of not knowing how things might be at home at that very minute. You should all know that they are very much appreciated and our love and thanks are extended from our hearts.

It is time to close out now so we all say AU REVOIR!!! We love you!!!!
